IEP Meeting Date: 08/21/2025 Meeting Purpose: Annual Review Duration of IEP: 08/21/2025 to 08/20/2026

Present level of academic and functional performance

Speech-Language: On the CELF-5 administered 05/06/2025, Maya obtained a Core Language Score of 71 (2nd percentile). Expressive Language Index 68; Receptive Language Index 79. In class, Maya produces sentences of four to six words, omits verb tense markers, and does not retell a paragraph-length passage in sequence. Teacher report: Maya does not raise her hand and gives one-word answers when called on.

Parent input: The parent reports that Maya has become reluctant to speak in class and at home about school. The parent asks that speech-language therapy remain at the current level and that the district assess written expression, which was not assessed in May 2025.

Annual goals

Goal 1 - Expressive Language. By 08/20/2026, given a picture sequence, Maya will retell a four-event narrative using complete sentences with correct past-tense verb forms in 4 of 5 trials, as measured by SLP data collection. Baseline (05/2025): 1 of 5 trials.

Goal 2 - Classroom Participation. By 08/20/2026, Maya will respond to a teacher question with a complete sentence of five or more words in 8 of 10 opportunities across two class periods, as measured by teacher tally. Baseline: 2 of 10.

Special education and related services

Speech-Language Therapy: 60 minutes per week, individual, provided by a licensed speech-language pathologist in the speech room, 08/21/2025 to 08/20/2026.

Specially Designed Instruction - Written Expression: 45 minutes per week, small group, provided by an EC teacher in the resource room, 08/21/2025 to 08/20/2026.

Least restrictive environment

Maya will be in the regular education setting for 92% of the school day. Removal is limited to speech-language therapy and resource instruction.

IEP team

Grace Okafor (Parent); Daniel Whitfield (LEA Representative, Assistant Principal); Ana Lucero, M.S., CCC-SLP (Speech-Language Pathologist); Robert Chen (EC Teacher); Kim Aldana (Regular Education Teacher, English Language Arts).

Prior written notice of the IEP team decisions

The IEP team proposes to continue speech-language therapy at 60 minutes per week and to add 45 minutes per week of specially designed instruction in written expression. The team declined the parent's request to reevaluate written expression, on the basis that the 05/06/2025 evaluation is current and the added instruction addresses the concern. The parent may request an independent educational evaluation if the parent disagrees with the district's evaluation.

The parent signed the IEP on 08/21/2025 and wrote: "I agree with the services. I still want written expression tested."
